Technical Secondary School „Prota Stevan Dimitrijević“,
Physical Society Niš and Subsidiary of FCN- Nis District

ORGANIZE III INTERNATIONAL SYMPOSIUM
POSITION OF PHYSICS IN SECONDARY SCHOOLS IN OUR REGION
Aleksinac, 20-22 February 2015

Second Announcement

Dear colleagues,

We invite you to the Third Regional Symposium of Teachers of Physics in Secondary Schools that will be held in Aleksinac from 20-22 February 2015.

Plenary lectures by invitation, poster sessions, workshops, teaching aids exhibition, round table and presentation of students experiments are planned at the Symposium.

Opening lecture at the Symposium will be dedicated to the celebration of 2015 - the year of light.

This year Serbian Physical Society takes part in organizing this Symposium.

This Symposium has, in addition to the mandatory, an optional program a (trip to Soko Banja on Sunday, 22 February).

Participants Applications must be submitted no later than 10 February 2015 to the official e-mail of the organizer.

Participants who have already sent their applications to the organizer, do not need to re-apply, because the applications have been accepted.

38 papers for the best student essay were sent to the competition, and after being reviewed by the committee members, special invitations will be sent to the students, their teachers and schools to participate.

Invited students are required to bring the necessary equipment and demonstrate the experiments on the second day of this Symposium.

Papers will be published in the Collection of works which will be printed before the beginning of this Symposium.

During the accreditation of participants at the Symposium they will be asked to subscribe for participating in the workshops offered and in optional program of this Symposium as well.

In addition to the notice you may find: The application for participation at this Symposium and the Symposium Program.

Board and Lodging expenses covered by the Organizer.
